615-292-2303**

The school is authorized to release this child into the custody of any designated Cottage Cove representative as necessary for the Cottage Cove program. Presence of this form does not obligate Cottage Cove to provide any transportation service; all transportation services of Cottage Cove remain completely voluntary.

I, _____, as parent or legal guardian
(Print Parent or Guardian's Full Name)

of the child, _____, do hereby
(Print Child's Full Name)

authorize their pickup or transportation from

_____, a public school.
(Print Name of School)

I understand that such transportation is granted on an "as available" basis and is a revocable privilege. Additionally, I understand that van transportation is considered by some experts, and the insurance industry, to be less safe than bus transportation. Therefore, acknowledging any potential dangers, expressed or unexpressed, I release Cottage Cove from all liability in regards to this service.

I understand that I am responsible for the pickup and care of my child in the event that this transportation service is, or becomes, unavailable for whatever reasons (with or without notice).
