TEACHING TEAM WORKSHEET

Team 1 Monday	Team 2 Wednesday	Team 3 Friday

Use this worksheet to help you divide your group into teaching teams. You may want to wait for your curriculum packet to finalize your teams. Extra instructions/suggestions may be included depending on the mix of groups for your week.

Step 1:

Divide your team into three even teams.

Step 2:

Look at the group that will teach each day and make sure that there is a "leader." You do not need to have an official leader in each group, but there should be someone that can take charge.

Step 3:

Enter you information from this worksheet into the teaching team's column of the General Information worksheet.

Step 4:

Keep this form for your records. You do not have to forward this since the same information will be included on the General information form.

*****Make sure that your teams will work. We can not change a team once you have arrived!**
